

## Sailing Lessons

Allen Penticoff, who began sailing in 1978, owns three sailboats - 14', 26' & 42' and a DN iceboat, will provide sailing lessons to any interested in learning. Allen has taught both on the water and classroom sailing and navigation courses for Rock Valley College. He is also a contributing editor for *Good Old Boat Magazine* - providing reviews of older sailboats.

Allen can provide lessons on your boat, including how to rig and set it up if you have no experience with it. He can provide lessons for up to 3 persons at once on his American 14-6 sloop (photo above). Either of these options will provide 2-3 hours of hands on sailing for \$100 per lesson. Cost is the same for 1 to 3 persons in a group.

Allen can also provide sailing aboard his 1989 MacGregor 26D that can train 4 persons at once. Price would be negotiable as there is considerably more expense and time involved with the use of this boat unless it coincides with Allen and first mate Ruth already having planned to use it. Allen can provide advice on boat purchases and anything sailing related. Contact Allen at: cell 815-985-1108 or [Theboteskipper@gmail.com](mailto:Theboteskipper@gmail.com)
