# ***The Bullship Log***

---

Monthly Meeting  
Harlem Township Hall  
Monday - Jul 20 @ 7:00 p.m.

## **RYC Picnic**

This coming Saturday, July 18th. Lunch at noon under the Bayview Picnic Shelter. Potlatch, as usual, with the club providing fried chicken, thanks to Kevin and Claudia Wenzel. Come as early as you please to enjoy some boating beforehand.

## **Adopt A Road**

Thank you to the four members who participated in last Saturday's roadside cleanup. Hopefully, more of us will be available for the next one, date yet to be announced.

## **Taste of Sail Report**

Early morning weather for Taste of Sail on June 13th did not look promising, but improved quickly as the day went on. Due to lack of time to familiarize themselves with their newly acquired Precision18, John Kochanski and Bruce Lombardo chose to bring John's 14ft mystery boat. Harley Johnson had

hoped to try out his 17ft O'Day Daysailer, but a few more repairs were needed on the little boat, so he was forced to bring his O'Day23, but opted not to launch because our guest roster didn't demand the extra capacity. About 21 guests sailed aboard one of three boats

launched.

Later in the afternoon, Dick Alcock, of Roscoe, showed up with another of his fine antique powerboat restorations. Watch for an upcoming meeting program featuring Dick to be

announced.
