April Meeting
—Canceled—

In accordance with IL EXECUTIVE ORDER 2020-19

Greetings all, from Signal Officer, Marty O'Connor

I hope everyone is staying safe and healthy through this ongoing pandemic. Obviously, club meetings are being canceled until further notice. April is typically a month for trailer sticker renewals, and to date, I have not renewed any of mine. Between the \$119.00 fee and the uncertainty of the boating season and park access, I am a bit hesitant, especially since my sailboats never left the shed last year. I have managed a little kayaking in solitude on the Kishwaukee River. On April 5th, I paddled upstream about 6.4 miles to celebrate my 60th Birthday and then floated back home. What a gorgeous day to be out and experience an abundance of wildlife. Although I saw about a hundred Wood Ducks, a dozen or so Mallards and the ever present Canada Geese, it was too difficult to get close enough for photos. Fur-bearing mammals were a bit more cooperative, as I had a mink pose to look at me, and watched a beaver slide down the bank and a muskrat swim for cover.

Although an iPhone7 isn't the finest outdoor camera, I did capture these to share.
